

Canadian Academy of Manipulative Physiotherapy CAMPT

CAMPT is the Canadian member organization of the International Federation of Orthopaedic Manipulative Physiotherapy (IFOMPT), a part of the World Confederation of Physiotherapy and the World Health Organization.

Why be CAMPT-Certified?

- ✓ Advance your skill set through extensive, post-graduate training
- ✓ Obtain internationally recognized IFOMPT credentials
- ✓ Leverage our organization's efforts to build awareness of FCAMPT

Canada Offers Three IFOMPT-Accredited Programs

Orthopaedic Division Level System

Canadian Physiotherapy Association

- Five levels of community-based coursework and examination, available regionally across the country
- Courses include theory in advanced orthopedics, manual skills, clinical reasoning, and case-based learning opportunities
- Manuals and course objectives uniform across Canada
- Written and OSCE examinations (written, case and practical)

McMaster University Masters of Science

- Two to three years on-line and on-site program conducted as learner is working full time.
- Emphasis on applying advanced clinical skills, evidence-based practice, outcome evaluation in advanced clinical reasoning in OMPT.
- Clinical courses will be facilitated or mentored by leading Canadian experts or CPA certified clinical specialists.
- Assignments and OSCE that align with Physiotherapy specialization processes.
- Individual research projects with opportunities for first authorship.
- Must have Ortho Div Level 2 completed to apply, must complete Level 3, intermediate practical exam/equivalents with required mentoring hours to enter the specialty OMPT courses.

Western University Masters of Clinical Science

- One year, distance learning, university-based program
- Includes courses in advanced orthopedics and manipulative therapy, research methodology, a research project, professionalism, and clinical reasoning
- Nine weeks of on site clinical skills at Western
- Written and OSCE examinations (written, case and practical)
- Must have Ortho Div Level 2 completed and required mentoring hours for application

FCAMPT

ADVANCED EXAMINATION (OSCE, MULTIPLE CHOICE & CASE STUDY)

LEVELS 4 AND 5

INTERMEDIATE PRACTICAL EXAMINATION (OSCE)

LEVEL 3 – UPPER AND LOWER

LEVEL 2 – UPPER AND LOWER

LEVEL 1 – COURSE OR CHALLENGE

“As an orthopaedic manual physical therapist, completing my program to attain my CAMPT membership has been a major milestone in my professional development. I have the confidence in knowing that I am using evidence-based practice, clinical reasoning skills, and manual therapy skills that will provide the best quality of care to my clients.”

Amber Rollack, PT, FCAMPT

Requirements for becoming a Fellow of the Canadian Academy of Manipulative Physiotherapy (FCAMPT):

- ✓ Licensed physiotherapist
- ✓ Successful completion of an IFOMPT accredited program
- ✓ Current membership with the Canadian Physiotherapy Association
- ✓ Current membership with the Orthopaedic Division of the Canadian Physiotherapy Association

The CAMPT-Certified Program

FCAMPT is a trademarked and protected title which shows you have completed post-graduation training in hands on therapy techniques that meet international standards. The CAMPT-Certified program is designed to raise awareness of this title and brings many benefits.

- ✓ **CAMPT-Certified marketing kit** including seal, guide, logos and customized patient marketing materials to promote yourself and educating the general public about your credentials.
- ✓ **Intensive social media efforts** to promote your qualifications, including an active presence on Facebook, Twitter, and LinkedIn.
- ✓ Promotion of the value of CAMPT-Certified physiotherapists to **referring practitioners**.
- ✓ Opportunities to **become a mentor**, for the certification processes.
- ✓ **Yearly subscription** to *Manual Therapy and Physiopedia*.
- ✓ **Voting rights** at the Annual General Meeting for CAMPT initiatives.
- ✓ Canadian representation internationally at **IFOMPT** and **WCPT**.
- ✓ **Qualifications easily transferable** to other IFOMPT-accredited countries.
- ✓ **Sponsors international initiatives** to promote manual therapy curriculum in developing countries.
- ✓ **Provides research funding** assistance to Canadian and internationally-driven projects.
- ✓ **Networking and marketing opportunities** at events and the opportunity to take **low-cost refresher courses**.

“Mentoring has improved my clinical decision making and allows me to give back to the profession. I find it also helps in the translation of new knowledge, and keeps me motivated to be the best therapist I can be.”

Blayne Burrows,
FCAMPT

World Health Organization

The Canadian Academy of Manipulative Physiotherapy (CAMPT) is a professional organization of physiotherapists who have completed post-graduate training in hands on therapy treatment techniques that meet the International Federation of Manipulative Physical Therapy (IFOMPT) standards. We help anyone with pain or movement problems that impact their ability to do what’s important to them. By delivering research-guided physiotherapy care, our patients get better, recover faster and stay healthier so they can be active in the things they love to do. To learn more and become a CAMPT-Certified physiotherapist, visit www.manippt.org.
